3 of 3 review helpful Very Comprehensive By RMB I borrowed this book from the library and planned to take a few notes It was so helpful in many ways that I decided to buy the book to highlight and make notes in the book because there was just too much in it I am implementing many suggestions this year but will spend the winter re reading it to plan for next summer I am not a novice gardener but am new to Michigan 0 o It s all here step by step guidance for

gardening success in Michigan's varying soil types and often difficult climate. Veteran garden writer Jerry Minnich presents detailed directions and practical tips for growing vegetables, herbs, flowers, landscaping plants, and house plants, as well as dependable advice on hundreds of garden operations. Minnich begins where gardening begins: in the soil. As he tells how to build a healthy and productive soil and how to
