By Simon Guy, Graham Farmer : Reinterpreting Sustainable Architecture: Theories, Discourses, Practices (Architext) Reinterpreting Sustainable Architecture: Theories, Discourses, Practices (Architext):

Sustainability is now one of the key debates shaping cities It has been suggested that sustainable architecture isn't a

prescription It s an approach an attitude It shouldn t really even have a label It should just be architecture But what does it mean to describe a building as green How can we make sense of the bewildering array of contrasting styles of sustainable architecture Based on original research by a sociologist and architect the book dr
