Aspects of Organic Gardening:

0 of 0 review helpful Wonderful insights and ideas for Getting Back to the Garden By K Shoemaker I purchased this book because I had read alot on the web about the Giannangelo s Organic Gardening and wanted to read learn more Their book provided me wonderful insights into what life is like as organic gardeners at 7200 feet in the beautiful remote high desert of Northwest New Mexico near El Morro National Monument I wi GARDENING PERSONAL GROWTH COMMUNITY AND SUSTAINABLE LIVINGThe basic elements of any garden are always the same seeds soil sun and water It is in the search for that perfect combination that leads the gardener into the broader aspects of each element The transitions made during the growing season tell many stories about not only seed soil sun and water but also about one s self Each season brings its own discoveries whether using new methods to overcome Frank and Vicky Giannangelo give the reader insights into organic gardening and also into coping with the world around us Their backgrounds were not originally in gardening but after they were married in 1986 they became interested in organic gardening firs
