27 of 29 review helpful Excellent read for those looking to become more self reliant By Smlz Mom Having recently moved to the country I was looking for a book which would provide me with great ideas knowledge and information

on getting back to living off the land I found a give away on the Homemade Mothering website for this book and decided I couldn't wait and just bought it I was glad I did The author h Our food system is dominated by industrial agriculture and has become economically and environmentally unsustainable The incidence of diet related diseases including obesity diabetes hypertension cancer and heart disease has skyrocketed to unprecedented levels Whether you have forty acres and a mule or a condo with a balcony you can do more than you think to safeguard your health your money and the planet Homegrown and Handmade shows how Deborah Niemann has penned the book that will turn homesteading dreamers into doers From sustainable gardening to animal husbandry she's got the farm covered Homegrown Handmade explores illuminates excites and inspires Ashley English aut
