By Dan Chiras : The Scoop on Poop: Safely Capturing and Recycling the Nutrients in Greywater, Humanure, and Urine The Scoop on Poop: Safely Capturing and Recycling the Nutrients in Greywater, Humanure, and Urine:

Flush it and forget it is the plumbing mantra of the industrialized world Most people just want sewage to go away preferably without having to see smell or worse yet touch it But crap has a bad rap Human waste is a valuable resource

we can use to support food production nbsp Blackwater greywater and solids are actually rich in organic matter and alternative means of handling these wastes can conserve enormous quantities of fresh water for other uses Flush it and forget it is the plumbing mantra of the industrialized world Most people just want sewage to go away preferably without having to see smell or worse yet touch it But crap has a bad rap Human waste is a valuable resource we can use to suppo
