5 of 5 review helpful This book is very helpful By rosemary I got this for my Kindle and have been reading up on it the last day or so They are fairly comprehensive on all aspects of mushroom growing and types AND the business end of it if you decide you want to go there 0 of 0 review helpful Very poor By Customer False advertising imo Absolutely no companion planti Most supermarket mushrooms are bland and boring products of an industrial process which

typically relies on expensive equipment and harmful pesticides Many people would like to add more flavorful and diverse fungi to their diets but lack the knowledge or confidence to gather or grow their own Do it yourself cultivation is a fun exciting way to incorporate a variety of mushrooms into a sustainable lifestyle Mycelial Mayhem is a straightforward Mycelial Mayhem is a comprehensive and personal tome on the production business promotion and problem solving for the independent mushroom grower Although my interests lean toward mushroom art more than mushroom production I am looking forwa
