5 of 5 review helpful Indispensable By ZooMama Rodale oh Rodale where ever would I be without thee This book has

been an indispensable source for me in my journey of getting back to gardening I grew up with gardens but didn't have much as an adult and learning how to grow plants together We've all heard that planting marigolds with tomatoes keeps pests away well there's much more I have discovered in my own experience An A to Z photographic guide to organic gardening provides complete instructions for combining plants that repel pests and enhance one another's growth By the author of The Harvest Gardener Simultaneous
