Varlamoff : Sustainable Gardening for the Southeast regional gardening learn about regional gardening on gardenguides info and videos including gardening regions and much more sustainable agriculture as a pioneer in innovative curriculum programs for the community college system ccc scored another Sustainable

Gardening for the Southeast:

2 of 2 review helpful This book will change your thinking By Brian This is one of the best gardening books that my wife and I have ever read I bought it for her but I read it first I have lived in the Southeast for 50 years and have cared for gardens and lawns during most of those years I still do Susan s book provides lots of useful information I did not know and tips on what to do to make things really sustainab ldquo A timely accessible guide to responsible landscaping that convincingly explains how and why our home landscapes must participate in local ecosystems rdquo mdash Douglas Tallamy coauthor of The Living Landscape Designing for Beauty and Biodiversity in the Home Garden nbsp ldquo By explaining the importance of individual decisions presenting relevant facts sharing personal experience and providing specific strategies Varlamoff inspire About the Author Susan M Varlamoff is director of the Office of Environmental Sciences at the University of Georgia a certified Georgia Master Gardener and the 2012 recipient of the University of Georgia Sustainability Award She is the author of
