documenting employee Sustainable Gardening for Florida:

7 of 7 review helpful Water Smart By Sam Following the advice of Sustainable Gardening for Florida we completely reworked our grass centric yard to one with reduced grass and many beautiful native and tropical plants As a result the need to water our yard has been much reduced which is good for our pocket book and necessary since much of Florida has restrictions on watering The advice is practical easy to Tells us how to manage our gardens yards landscapes and water with the least possible adverse impacts on the environment It explains why sustainability is important in a crowded world and how we can use basic ecological principles to live with not against nature Steven P Christman editor Floridata com nbsp Brings important environmentally friendly gardening information together in one comprehensive reference Will be of interest to environmen About the Author Ginny Stibolt is a botanist who writes about Florida gardening for the Jacksonville Florida Times Union Vero Beach Magazine and on the web at transplantedgardene
