3 of 3 review helpful Not meant for Kindle By Customer I might have rated the book higher if I had purchased the print version but the inability to go to the page references throughout the book or even determine which page you are

on means that the Kindle version is of limited use as an encyclopedia My comment on the content is that from my readings so far there is not nearly enough depth on any of the subject Rodale's Ultimate Encyclopedia of Organic Gardening has been the go to resource for gardeners for more than 50 years and the best tool novices can buy to start applying organic methods to their fruit and vegetable crops herbs trees and shrubs perennials annuals and lawns This thoroughly revised and updated version highlights new organic pest controls new fertilizer products improved gardening techniques the latest organic soil practices and new trends About the Author FERN MARSHALL BRADLEY BARBARA W ELLIS and ELLEN PHILLIPS are all former managing editors of Rodale Garden Books The three coauthored the 1992 edition of this title in addition to having written numerous books and articles in
