By Gene Logsdon : Holy Shit: Managing Manure to Save Mankind Holy Shit: Managing Manure to Save Mankind:

1 of 1 review helpful Great Book By JamesBBK Not as gross as stated but the subject matter is about crap lol It is very good read and informative Maybe not the best subject to talk about but one worth discussion It was the way of the west until science thought they knew better Thank You for helping me understand how to keep my farm working as

one 1 of 1 review helpful Everyone should In his insightful new book Holy Shit Managing Manure to Save Mankind contrary farmer Gene Logsdon provides the inside story of manure our greatest yet most misunderstood natural resource He begins by lamenting a modern society that not only throws away both animal and human manure worth billions of dollars in fertilizer value but that spends a staggering amount of money to do so This wastefulness makes even less sense as the supply of mined or chemical From Publishers Weekly Common sense and just the right amount of folksy humor make this treatise on feces a pleasure to read whether or not you've ever knowingly come within 50 miles of a compost heap Logsdon writes for a wide scope how to recognize a manure s
