The New American Landscape: Leading Voices on the Future of Sustainable Gardening:

8 of 8 review helpful New American Landscape Review By ruthie Overall I am pleased with this book Chapter 2
Managing the Home Landscape as a Sustainable Site is excellent I do have a quibble with the Guidelines and

Performance Benchmark 2009 esp the section on water There is a description of saving 50 and 75 of water but the comparison is to evapotranspiration of a cool season grass This is a particularly low b Gardeners are the front line of defense in our struggle to tackle the problems of global warming loss of habitat water shortages and shrinking biodiversity In The New American Landscape author and editor Thomas Christopher brings together the best thinkers on the topic of gardening sustainably and asks them to describe the future of the sustainable landscape The discussion unfolds from there and what results is a collective vision as eloquent as it is ldquo For anyone from newbies to experts There rsquo s much to learn in The New American Landscape rdquo nbsp mdash Kirkus ldquo A good choice for gardeners with a wide range of experience mdash new growers
