13 of 13 review helpful outstanding book for the organic gardener the history buff or the food connoisseur By Violetta

This book surpassed my expectations I ordered it mainly as a pleasant reminder of the beautiful gardens at Williamsburg and also to learn more about heirloom tomatoes and organic gardening It certainly satisfies those objectives but it is also a fascinating account of what the early American settler Vegetable Gardening the Colonial Williamsburg Way From the nation s foremost historical preservation site comes a guide to traditional and still relevant methods and advice for planting and tending a productive vegetable garden In a colonial style garden the broccoli is purple and turkey cucumbers grow to three feet long oiled paper predates plastic for sheltering spring plants and fermenting manure warms the seedlings Finding inspiration Lovers of historical gardens will appreciate VEGETABLE GARDENING THE COLONIAL WILLIAMSBURG WAY 18th Century Methods for Today s Organic Gardeners by the estimable Wesley Greene and today s organic gardeners will discover much to admire in Barbara Te
