Polytunnel Handbook: Planning/Siting/Erecting/Using/Maintaining:

0 of 0 review helpful Good for the money By lllillii The book was good for the money I liked the facts and figures it provided for the efficiencies of the grow tunnel After all my question was would a poly tunnel be worth the money With the information and tips in the book I feel it would make the tunnel worth the money but without the info I would have had a hard time to make it work For instance who would have tho A polytunnel can be used as an affordable low carbon aid to growing your own food all year round and this manual looks at all aspects of using a polytunnel from planning your purchase to harvesting the rewards It includes a step by step guide detailing how polytunnels are constructed and maintained There are chapters on developing healthy soil and preventing pests and a jargon free guide to the range of often mystifyin ldquo Polytunnels have a key role to play in the grow your own revolution and a comprehensive guide such as this is long overdue rdquo nbsp mdash Simon McEwan Country Smallholding magazine
