**By Harry Riches : Mead: Making, Exhibiting & Judging** a monthly webzine devoted to vacuum tube circuit design and understanding the history of technology history of science history of inventions the scientific revolution the industrial revolution the internet space communications Mead: Making, Exhibiting & Judging:

10 of 10 review helpful Not worth the price By Aj Williams Other than the bit on judging there is not much new and helpful about making mead in this book Even that is pretty scarce Go with Schramm s The Compleat Meadmaker it

has much more information Also the cover is lovely but the print is HORRIBLE It looks like a photocopy of an ancient typewriter or dot matrix print out It hurts my eyes to even try and read A charming guide to the theory and practice behind this ancient beverage of fermented honey Send your finished bottles to The Editor Oxbow Book Reviewers Park End Place Oxford
